

Epoca is a company specialized in producing plastic articles, established in 1968 in Bassano del Grappa, it is present in the market as a reliable partner of companies that operate in the fields agriculture, gardening and household; domestic cleaning and professional, and in the chemical and food industries. The company led by the Boriani family has over the years gained, a highly progressive character and at the same time pride, typical of who seeks to create a new product that is first of all personally satisfying before introducing it to the market. Epoca's products have assumed, especially abroad, a sort of "Italian Aroma" that authenticates the name in a winning sphere with a blend of fantasy, attention to detail and elegant design. It's products are present in 70 countries and in all places are considered an expression of the "Italian style" but also of Italian entrepreneurial ability.

LEGEND

· MATERIALS

- PL** Plastic
- AL** Aluminium
- OT** Brass
- PS** Polystyrene

· O'RING GASKETS

- NBR** · Nitrile Rubber
Ideal with aliphatic hydrocarbons, mineral oil, fuel oil, benzoyl, diluted acids and alkalis.
- FPM** · Fluorinated
Ideal with oils and mineral fats silicone based, animal and vegetable oils, aliphatic hydrocarbons, aromatic hydrocarbons, very good resistance to weather, ozone, oxygen and sunlight.
- EPDM** · Ethylene Propylene Diene
Ideal with glycol-based hydraulic fluids and organic and inorganic acids, detergents, solutions of sodium and potassium, oxygenated solvents (ketones and esters), and atmospheric agents.

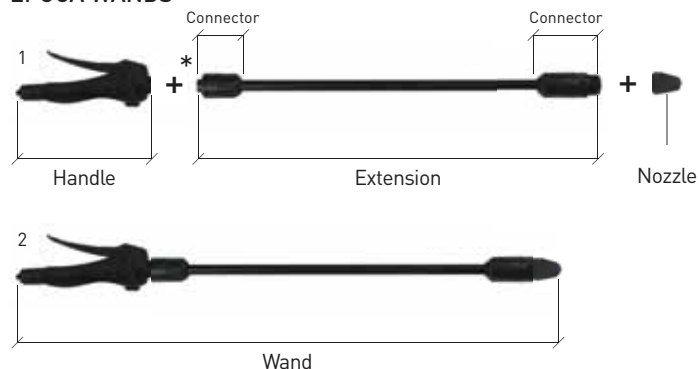

→ Epoca always advises to carry out a complete compatibility test.

· DIMENSIONS

The measurements reported in the field "Dimensions cm" within the product table represent: length x width x height.

The information relative to the dimensions and weight are indicative and are subject to variations without advising the customer.

EPOCA WANDS

* Possibility to add a supplementary extension, see page 79 (cod. 9733.Z000, 9734.Z000, 9735.Z000, 9736.Z000, 9737.Z000, 9738.Z000).

1 = Single article components of a wand.

2 = Complete wand.

CONNECTOR COMPATIBILITY

The compatibility between the connectors that unite the handles with extensions and nozzles must respect the logic **PL + PL** and **OT + OT**

ECOLOVE IS GREEN ON THE INSIDE

In Epoca a new line has been created, "Ecolove" with recycled post-consumer material.

This new product line is based on our belief that all individuals and organizations, may act directly to face and seek together to solve environmental problems, such as global warming, the accumulation of waste materials, excessive consumption of water and electricity. Ecolove produced in recycled post-consumer plastic contributes substantially to reduce productive phases and activities that would otherwise pollute the environment. With Ecolove start using your heart as well as your head.

**With Ecolove
start using your
heart as well as
your head.**

Lady

Sun

Cherry

Pinocchio: a pleasurable watering can with a long thin spout that doses water exactly where and how you want. The spout, introduced among leaves, reaches the soil wetting gently the plants. No loss of water and soil out of the pot, no more dirty furniture and window sills. With its 2 liter capacity it is extremely maneuverable, ideal to offer also to smaller members of the family that will discover the pleasure of taking care of plants. Indispensable for fragile plants, small vases and flower arrangements or centerpieces. It is a practical, lightweight and durable watering can that changes the activity of watering plants into a pleasurable moment.

Pinocchio

So charming that you instantly fall in love!

l b i s

ergonomic, multiuse, practical.

mild

wet

airy

How many times has it happened to stop usual watering to search for a sprayer, capable of gently vaporizing on the leaves? With Ibis the watering can has a dual function, the user can choose whether to spray or water. It is therefore possible to water generously or with the use of a sprayer vaporize the surfaces soil or moisten leaves at the right point and lightness. This original solution with 1.5 litre capacity lets you optimize the time spent on watering. Ibis robust watering can made of resistant plastic is suitable for small and large pots, inside the house or in the garden. Ibis the watering can for those who do not want to complicate life and want an "easy watering".

GardenClub

classic, refined, luxurious.

An object to be left in display, and in a classy environment, it turns into a piece of furniture. Made of crystal polystyrene shock-resistant material, it is proposed to all those who value objects with a chic design. Used for watering primarily indoors with a capacity of 1.3 liters it is suitable for small and medium-sized pots, where it waters gradually and gently, so as to favor the slow absorption into the soil without spilling in nearby areas. Want to water in an evening gown? Use Garden Club and you will have an ally in style!

SAPPHIRE

TOPAZ

AMETHYST

The modern design of Assia and Luigi Siard, Liz is a watering can with a practical and solid grip that helps the end user to control the amount of water required to water. Equipped with a large opening for easy filling it is indicated for those who want to water abundantly in a short time. Handy, lightweight and stable with a sandy matte surface with a 1.4 litre capacity. The available colors recall some much-cherished gemstones from the purple-eyed diva.

Liz

galaxia

The most refined line in our production programme, reflecting the unmistakable Italian passion for elegance and modern design.

GARDEN MIX DISPLAY

All you need at hand.

.....

The "Garden Mix" display was created to be very versatile. In fact with its strong modular shelves, it is extremely easy to set up, whether you want to show items of a specific line or combine an assortment of different products to solve visibility problems and/or space.

Display code: 8490.A01 - Dimensions: cm 94x46x200

Displays

agriculture • home & garden • hardware | 2012

PINOCCHIO DISPLAY

Well-designed, inspiring, ecofriendly.

.....
Cheerfully decorated with a graphic that attracts the user and transports the imagination, in an enchanting scenery. Supplied with a lithographed banner to promote the new Pinocchio watering can. The display is created completely in recycled cardboard.

Display code: 8215.L52 - Dimensions: cm 60x40x100

Displays

agriculture · home & garden · hardware | 2012

EPOCA offers a wide range of pressure sprayers that differ in shape and color. This display offers different models in the utmost clarity and usability.

To assort models of pressure pumps Gemma 1500, Gemma 1750, Luna 1500, Luna 1750, Pump, Epoca 2001 and Epoca 2000 presented within this display use code with extension .R04 (see the respective tables).

GEMMA

Display for 1 to 1,5 liter pressure sprayers.

Product details on page 48

LUNA

Display for 1 to 1,5 liter pressure sprayers.

Product details on page 48

POMPETTA

Display for 2 liter pressure sprayers.

Product details on page 48

pressure sprayers.

Product details on page 49

DISPLAY BOX

Display for
hand sprayers

*Product details on page 14, 20, 28, 34, 44,
45, 46, 47.*

Space saving container for large amounts of hand sprayers. Allows an immediate choice, also because it is appealing by the multitude of sprayer colors in it. Supplied on a pallet.

To order this type of packaging use the extension code .P05 (see the respective tables).

Heavy Duty

Epoca proposes a collection of products with high performances distinguished by special gaskets. Gaskets in NBR are suitable for a generic use while gaskets in FPM and EPDM assure a higher resistance to a majority of chemicals. The gaskets used are compatible with a wide range of products and ideal in many applications.

HAND SPRAYERS

- Available with seals in FPM, EPDM and NBR
- Vela has no gaskets that may cause compatibility problems
- Maxi FPM washer resistant to most aggressive chemicals
- Bottle EP10 is supplied with a graduated scale from 0 to 600 ml
- EP01+ Maxi FPM is provided with measuring marks
- Bottle EP01 assembled to sprayer MAXI versions FPM and EPDM is equipped with measuring marks from 0 to 900 ml and in percentage.

HAND PRESSURE SPRAYERS

- An assortment of sizes from 750 ml to 2 litres
- Available with gaskets in EPDM, FPM and NBR
- Models Epoca 2000, Alfa-Tec, Delta-Tec 2, Delta-Tec 1 and Ep-Tec are equipped with a patented device that blocks the lever in a normal or in a continuous spray position
- A patented device that blocks the lever in a normal or in a continuous spray position
- Maximum working pressure at 3 bar
- Adjustable nozzle regulating a fine mist to a spray jet reaching 7 metres
- Epoca 2000 supplied with metal piston and brass valve

- Epoca 2000 extension kit FPM complete with safety valve and extension with brass nozzle
- Tec-one is equipped with a security valve and a cap that protects the non return valve that assures a longer duration.

PRESSURE SPRAYERS

- A line of pressure sprayers ranging from 5 to 10 L
- Available with seals in EPDM, FPM and NBR
- A line of pressure sprayers with high performances
- Reinforced natural clear container with measuring marks for an easy liquid control
- A wide funnel, bottom for extra stability
- Equipped with adjustable shoulder strap, 120 cm long
- Maximum working pressure at 3 bar and safety valve or depressurizing automatically
- Supplied in a flexographic box

For gaskets marked with symbols FPM and EPDM see the legend on page 4.

360°

Epoca has projected and realized 360 device ideal for various uses. The convenience and easy use assert its success.

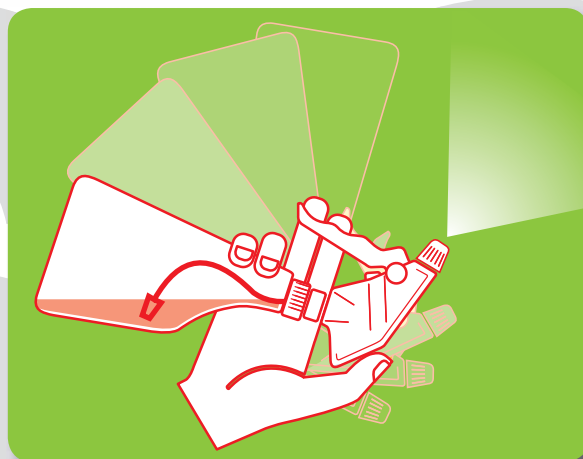

HAND SPRAYERS

- High performance with system 360
- Vela has no gaskets that may cause compatibility problems
- Maxi available with NBR gaskets

HAND PRESSURE SPRAYERS

- High performance with System 360
- An assortment of sizes from 1 to 2 litres
- Available with gaskets in NBR
- Maximum working pressure at 3 bar
- Adjustable nozzle regulating a fine mist to a spray jet reaching 7 metres
- A patented device that blocks the lever in a normal or in a continuous spray position
- Plastic piston and valve

Sprays at 360°. Where common sprayers block due to excess inclination, 360° permits the sprayer to work in whatever position, even upside down.

A perfect device for spraying on all surfaces hard to reach like under leaf treatment.

Tribal 15 + Vela 360

bottle colour	white
